

CLOTHES NEEDED FOR TULSA'S POOR

Humane Office Attaches Say Demand Increases In Cold Snap

"Now that school has opened and the weather turned cooler, calls for clothing are frequent," said Mrs. C. L. McConnell of the count humane office yesterday. "Especially are there a large number of calls for clothing for children 10 to 14 years of age. Shoes as well as clothing, coats, dresses and underwear also are needed."

"The poor are always with us notwithstanding the fact that there is something in prosperity on every hand and with the approach of winter, the work of the humane office will be doubled," said Mrs. McConnell.

It is requested that persons who have articles of clothing which can be contributed to this work, do so at once. Shoes also are needed to meet the calls which come in by telephone and in person. These may be left at the humane office in the sub-story of the court house.

W. Welch, humane agent who has been absent from the city several weeks, will be in his office Monday morning. Mr. Welch has been in attendance at the American Humane association meeting which was held last week in Omaha, Neb.

TULSA MAY LAND AIR MAIL STATION

CONTINUED FROM PAGE ONE.

The cabin is similar to the interior of an enclosed automobile. The rear seat holds three persons comfortably. The front seats are divided as in a chummy roadster. One passenger rides outside with the pilot. The seats and walls of the cabin are expensively decorated. There is every convenience for passengers, with plenty of room to "stretch out." One of these conveniences is ash trays located handily for those who wish to smoke during a trip. Windows may be opened or closed in a few seconds. The ship weighs 2,200 pounds without pilot or passengers.

Among the passengers who took a "spin" were Mr. and Mrs. Bert J. Brookins. Brookins is proprietor of the Curtiss Southwest Airplane company, and one of the leading figures in this section working in the interest of more commercial flying.

Jobs Open for Boys.
The employment department of the boys' division of the Y. M. C. A. is having difficulty in filling the positions open for office boys. Fred E. Woodson, secretary, stated yesterday that he had on his list ten positions paying from \$10 to \$15 per month for boys over 16 who had completed at least the eighth grade.

THIEVES GET MUCH LOOT

Clothes Worth \$450 Taken; Texas Company Also Touched Up.

Prying open a rear window, sneak thieves entered the home of H. J. Farmer, 1732 South Madison, early yesterday morning and escaped with clothing and other articles valued at \$450. Two suits of clothes, a hand bag, revolver, and several silk shirts were taken.

Gaining entrance by "jamming" a side door, thieves looted the warehouse of the Texas company in West Tulsa, last Tuesday night and escaped with several hundred dollars worth of loot, according to a report made to the police yesterday.

Eight cord automobile tires, 72 electric light bulbs and an electric motor were the articles missing after a check had been completed. The loot was carried away in a wagon.

Crows Deny Theft of Automobile Stolen in This City October 15

W. W. Crow and L. Crow, brothers, arrested in Joplin Tuesday in possession of a Cadillac automobile stolen in this city from the Greenlease-Moore Cadillac company, October 15, entered pleas of not guilty to the charge of auto theft at their arraignment Thursday before Justice H. J. Gray and were released on bonds of \$2,500 and \$500 respectively for preliminary hearing November 5.

Another trouble about the growth of the country is that it inevitably means more congressmen.—Nashville Tennessean.

COX IS PRESSING ATTACK TO LAST

1917, that wheat could be raised at a profit at \$1 a bushel? "Do the working men of America want a change to an administration headed by Senator Harding, who voted for the anti-strike action of the Birch-Cummings bill, although in keeping with his general conduct he would pose now as a friend of labor?"

"Do the women of America want a change that would mean control of government by men led by Lodge and Penrose who opposed woman suffrage and every other moral issue, and who are just as strong on social service problems now as they are on the league of nations?"

Do the small business men of the nation want a change in the federal reserve banking system that would enable a small group of bankers to retain control of the money power of the country?"

"Do the men and women of Irish descent want a change that will mean the presentation of Ireland's case at the bar of world opinion?"

"Do the men and women of German descent want to be led by George Sylvester Viereck, because of some promise of a separate peace after the Mexican chertan, and under favorable terms to Germany after his conviction by a republic?"

Do the men and women of the United States want a change that would mean the United States in the league of nations to see questions are settled on the basis of justice, humanity and fairness instead of vindictiveness and destruction?"

"Do the former service men want a change that would be nothing more than the repetition of the farce staged by congress when it played horse for over a year with the adjusted compensation question and came to no definite conclusion?"

"Do they want a change to a positive pledge of support for the four fold plan, approved by the American Legion at Cleveland?"

Do the people who regard the supreme court as the greatest bulwark of justice, want a change to majority control by reactionary justice selected by a reactionary president?"

"Do the people want a change back to the old conditions that caused Roosevelt to revolt in 1912?"

"Have they forgotten that the men now in control of the republican party are the same that Roosevelt fought and the people turned out of office?"

"Those men have not changed. It is impossible that the public has changed. These are the questions," Governor Cox declared, "that have to be considered."
